Hello Sarah,

Like I mentioned, the office is looking to collect data from our departments so we may create an annual statistics report. We would like to know the data on the following:

1. Illegal dumping citations / notices issued in our district starting from July 1st-present
2. Tons or pounds of bulky item and trash picked up in our district starting from July 1st- present.

If your team may please have this by Monday the latest, because we still need to design the flyer and get several approvals that may take a few days.

Thanks for all your help let me know if you any questions,

Cristian Tafoya, Caseworker
